## Tourist Attraction Information

**Namiseom Island:** Namiseom Island was formed as a result of the construction of the Cheongpyeong Dam. It is a half moon shaped (462,809m<sup>2</sup>) isle, and on it is the grave of General Nami, who led a great victory against the rebels in the 13th year of the 7th king of the Joseon Dynasty, King Sejo (reign 1455 ~ 1468). Namiseom Island is 63 km away from Seoul in the direction of Chuncheon, and is famous for its beautiful tree lined roads. The island is 30 minutes away from Chuncheon and an hour away from suburbs of Seoul. Since it is not far from Seoul, many couples and families come to visit.

**Petite France:** From its outward appearance, it would appear to be a village that belongs on the Mediterranean coast or in a pastoral area of the Piedmont Alps. This is Petite France, a French cultural village set in the Korean countryside! Petite France serves as both a French cultural village and a youth training facility (Goseong Youth Training Center), and consists of 16 French-style buildings where visitors can lodge and experience French food, clothing, and household culture.
